

This is a teaching statement.

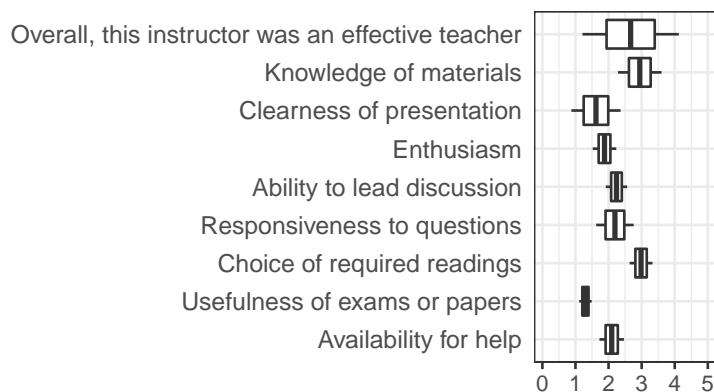

This is evidence of teaching effectiveness.

The values below are fake teaching evaluations for my role as a teaching assistant. They are stored in the root repository directory.

The values for each item above represent the class average from $N = 15$ sections. The average of each item across all sections is 2.7.

The values below are fake teaching evaluations for my role as instructor of record.

The average of each item across both sections is 2.21.

The items below are fake open responses from student evaluations.

- Open response 1.
- Open response 2.
- Open response 3.

Syllabus

This is a syllabus for a fake course.

It has three parts:

- Part 1
- Part 2
- Part 3

Evaluation One

This is a fake teaching evaluation.

Evaluation Two

This is another fake teaching evaluation.

Peer Evaluation

This is a fake peer teaching evaluation.
